Data Destruction, Various ways it can be done.

1. Physical Destruction
 - a. Environmentally Friendly (EFD)
 - b. Hammering (**we don't do**)
2. Soft Erasing
 - a. Degaussing (**we don't do**)
 - b. Factory Normal Blank (NORMAL)
 - c. Military Grade (MILITARY)

Refer to following table for service and price.

Per Media or Hard disk	EFD	Normal	Military
Upto 500 GB	750/-	500/-	1500/-
501-1 TB	950/-	1500/-	2500/-
2 TB	950/-	2500/-	3500/-
4 TB	950/-	3000/-	4500/-

Note:

1. 100% Advance, **for billing Taxes as applicable.**
2. One Hard Disk Handed over, Irreversible Process.
3. Electronic Failed or Bad Sector Hard disk needs to be Discarded as **EFD** only.
4. After Handover Media, it will take 3-7 working days.

Which is Method to adopt?

Data Sensitivity or type of Client	Purpose	Method to adopt.
Regular and Normal	Re-Use of Media	Normal
Research work, Legal Liability	No Re-use, Data Importance is high	EFD
Research work, Legal Liability	Re-use of Media	Military

EFD – Environmentally Friendly destruction means – All electronic and platter are separated manually, only **data portion is CRUSHED or Destroyed** all other parts **Recycled**, saving huge cost of Reproduction.
